SLEEP UNDER THE STARS IN THE CABIN OF YOUR DREAMS

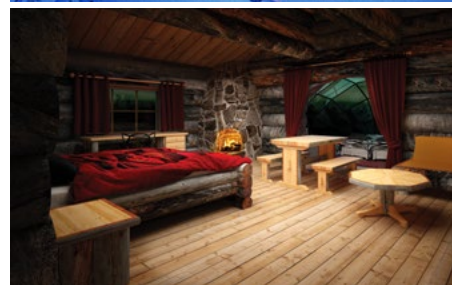

NEW FOR WINTER 2015–16

Kelo-Glass igloos

We're proud to announce the launch of a totally new accommodation experience that will take your breath away. The Kelo-Glass igloo combines the comforting warmth of our cosy log cabins with the sensational views of our world-famous glass igloos.

Kelo is a special type of pinewood found only in Lapland. In the extreme climate of the unforgiving north, the trees grow slowly and the wood hardens to produce a tough material that's perfect for building.

Our 16 new Kelo-Glass Igloos will be ready to receive visitors in November 2015. All feature a private sauna, fireplace, kitchenette, and a bedroom with a stunning glass roof. Take in the enchanting beauty of the northern lights and the Lappish wilderness from the comfort of your own private hideaway.

Restaurant Aurora with glass igloo bar

Our latest dining experience, located in the West Village, is now ready to receive its first guests. Restaurant Aurora has three private dining rooms and a feature pool with live salmon. As many as 500 guests can enjoy our amazing selection of local Lappish cuisine and Asian delicacies.

And when it's time to kick back with a cocktail or two, our glass igloo bar has views like no other place on earth. West Village guests also benefit from their own reception and souvenir shop.
